230v 3-Way Splitter

- 3-Way splitter 230V, allows splitting of a maximum current of 16A
- Fitted with one 2P+E input and three output connectors
- IP44 Rated

£19.84

Part No. WTWS16A

16A/13A Socket Adaptor

- Socket adaptor with 2P+E plug 16A to 3-Pin standard UK plug 13A
- IP44 Rated
- Conforms to EN60309 and BS1363

£7.09

Part No. W1613PS

13A/16A Trailing Plug & Cable Set

- Trailing plug & cable fitted with a 230V 13A standard UK plug and 2P+E socket rated at 230V 16A
- H05VV-F 3G 1.5mm Section cable, 350mm in length
- IP20 Rated

£8.00

Part No. WSP1316

16A/13A Trailing Sockets & Cable Sets

- Fitted with a 230V 13A standard UK socket and 2P+E plug rated at 230V 16A

400ml Multispray Premium Spray

- Movable nozzle
- Choose between precision spraying and surface application
- One product for different purposes - Effective lubricant, rust remover, contact spray and corrosion protection
- Prevents squeaking and malfunctioning of machines, equipment, etc
- Protects against corrosion and preserves metal
- Quickly loosens rusted parts such as screws, bolts or hinges
- Expels water and stops cracking

£6.99
Part No. B408448

Duck Oil

- Silicone-free
- Exceptionally low surface tension means it can easily penetrate, lubricate and protect with no need to dismantle machinery and parts

Part No.	Description	Qty	Price
510313	500ml Aerosol	1	£9.36
510249	5L	1	£55.59

500ml High Pressure Lubricant

- Good lubrication properties to reduce friction
- Durable synthetic lubricant with high polymer content
- Very strong adhesion and high pressure resistance
- Provides thorough lubrication due to very high creep capacity
- Effective corrosion protection

£5.01
Part No. B153427

500ml PTFE High Performance Lubricant

- Lubrication of components exposed to high pressure, impacts and vibrations such as gear wheels, sprockets and door bolts
- Special additives ensure re-hydration and long-term lubrication
- Temperature range: -30 to 250°C

£7.94
Part No. B408461

400ml Battery Pole Grease Spray

- For maintenance of battery terminals, clamps etc
- Long-term protection against corrosion and oxidation
- Improves current flow and prevents malfunctions
- Eliminates current leakage and voltage drop
- Temperature range: -25 to 120°C

£6.59
Part No. B408458

500ml Wire Cable & Gear Wheel Lubricant

- Lubrication and protection of cables, winches, gears, chains, guide rails, turntables etc
- Suitable for components that are exposed to high pressure and extreme load
- Free from silicone, resins and acids
- Temperature range: -30 to 150°C

£6.56
Part No. B408462

400ml Silicone Spray NSF

- NSF H1 registered: suitable for use in the food processing industry
- With 100% pure Silicone - content in the lubricating film
- Lubricates, preserves, cleanses and impregnates
- Eliminates and prevents squeaking, creaking and friction noise
- Protects against premature ageing

£6.56
Part No. B408451

400ml Universal White Grease Spray

- Universal lubrication of moving parts such as hinges, joints, slide rails, shafts etc
- Good adhesion, even on vertical surfaces
- Water repellent
- Protects against corrosion
- Free of silicones, resins and acids
- Temperature range: -20 to 120°C

£6.59
Part No. B408453

400ml Motorcycle Chain Spray

- Ideally suited for high speed turning chains
- Excellent lubricating and creep properties
- Suitable for O, X and Z rings
- Reduces friction and prevents premature wear
- Protects against corrosion
- Temperature range: -30 to +110°C

£5.94

Part No. B409468

50ml Key Cylinder Care Spray

- Maintenance, lubrication and protection of rotary cylinders and locking mechanisms
- Prevents premature wear and tear
- Contains PTFE
- Resistant to water and oxidation
- Temperature range: -50 to 140°C

£4.58

Part No. B146700

400ml Silicone Spray

- Lubrication and care of plastic parts, door and window seals and hinges
- Reduces and prevents cracking and squeaking
- Prevents charging of static electricity, premature ageing and undesirable freezing
- Protects against corrosion and oxidation
- Temperature range: -30 to 200°C

£6.56

Part No. B371757

400ml Aluminium Grease Spray

- Lubrication and protection of screw and bolt connections that are exposed to high temperatures e.g. exhaust pipes, turbo's, oxygen sensors
- High pressure resistance
- Protects against corrosion and oxidation
- Free of silicones and acids

£6.59

Part No. B408454

400ml Silicone Grease Spray

- Lubrication and care of roller bearings, hinges, electric plug-in connectors, trailer sockets, switches etc
- Extremely high lubricating properties
- Effective anti-corrosion protection
- Resistant to oxidation
- Waterproof
- Temperature range: -30 to 200°C

£8.72

Part No. B408460

EP2 Lithium Grease

- For automotive and industrial ball and roller bearing applications
- A high melting point, smooth, multi-purpose, extreme pressure (EP) grease based upon lithium soap
- Wide temperature range -15° to 120°C

500g Renolit Red Rubber Grease

- For automotive brake assemblies, hydraulic and rubber components etc

£12.45

Part No. VANVC188

226g Petroleum Jelly

£6.11

Part No. 510296

400ml Copper Lubricant Spray

- Lubrication of screw connections, plug connectors & exhaust systems etc
- Pure copper base
- Protects against corrosion, rust etc
- Temperature range: -35 to 1100°C
- Free of silicones, resins and acids

£5.23

Part No. B408455

500g Anti-Seize Copper Compound

- Used on threaded parts, gaskets and packing to prevent seizure and galling
- Protects against seizure even in extreme conditions of temperature and pressure
- Temperature range: -40 to 1100°C

£5.78

Part No. 750848

70g Copper Slip Grease

- A high performance lead free anti-seize compound which is designed for application to threads of nuts and bolts prior to assembly to ensure easy release, without damage, even after long periods in adverse conditions

£4.21

Part No. 510208

500g Aluminium Graphite Anti-Seize Compound

- Protects against seizure even in extreme conditions of temperature and pressure
- Temperature range: -40 to 1100°C

£13.05

Part No. 9-101521

400ml Drilling & Cutting Oil

- For drilling, thread cutting and turning
- Suitable for metal, light and heavy aluminium, copper, stainless steel and brass
- Reduces heat generation
- Extends the life of drilling and cutting tools

£5.92

Part No. B911371

400gm Supercut Fluid

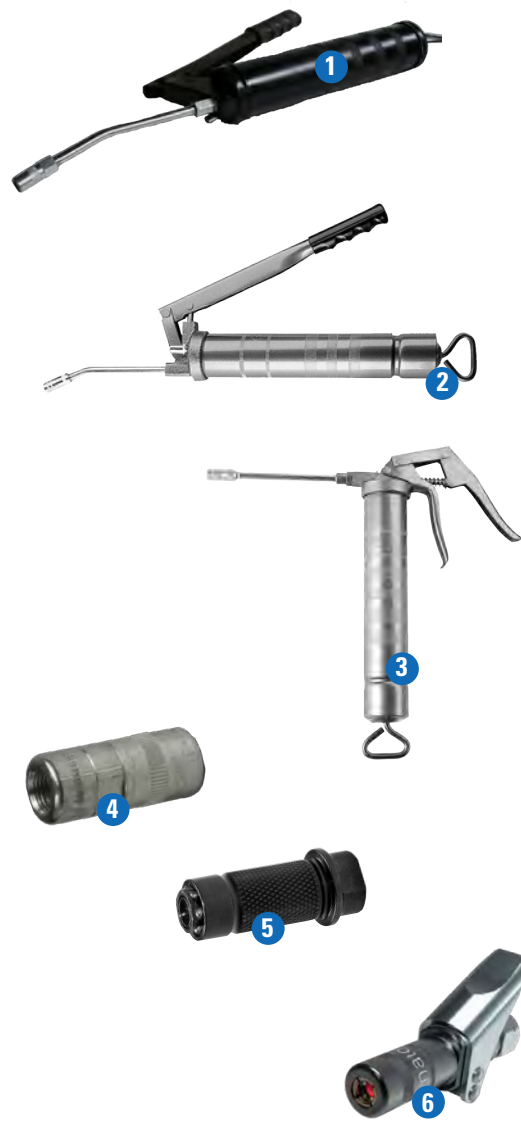

- A hand-applied metal-cutting lubricant
- Recommended for use with cutting tools
- Excellent cutting performance
- High viscosity formula
- Excellent adhesion to the tool
- Low odour, solvent-free
- Can be used on all metals
- Mineral oil free

Lever Operated Screw Type Grease Gun

- Cartridge holder opens without tools, reusable screw cap
- Fast and clean loading and removal of grease
- Optimal use of all the grease in the cartridge
- Working pressure: 400 bar (5,800 psi)
- Maximum pressure: 800 bar (11,600 psi)
- Suitable for grease cartridges with Lube-Shuttle® connection
- Hose connection thread: M10 x 100

£36.01

Part No. B129309

400g Universal Lithium Grease Cartridge Screw Type

- Lubrication of plain bearings, ball bearings and roller bearings under normal load
- For hot and cold plain bearings, running and supporting rollers in all roller frames and spindles
- Reliably reduces friction and wear
- Prevents jamming and cold welding
- Good corrosion protection
- Good sealing and protective properties in wet and dusty environments
- Lithium thickened with corrosion inhibitors and AW additives

Double Bubble Fast Cure Epoxy (50 Sachets)

- Bonds to a wide variety of materials
- Cures rapidly to give handling strength in 5mins

£67.86

Part No. 471717

50ml Delta D55 High Strength Retaining Adhesive

- Used for retaining bushings and sleeves on housings or shafts, bearings, keys and splines particularly where bond gaps can approach 0.25mm (0.01")

£12.54

Part No. 750720

200ml Black Liquid Gasket (RTV)

- Temp resistance -40°C to +285°C
- Ideal for sealing of heating installations, sealing in pumps, engines and in general all sealing applications that require high temperature resistance

£10.62

Part No. B343963

310ml Black RTV Silicone Sealant

- Premium quality specially formulated for automotive and industrial use
- Bonds and seals metals, glass, rubber, etc
- Flexible and resistant to transmission, cooling and lubricating fluids

£6.67

310ml 1130 Betaseal Sprint Cartridge

- Medium viscous, non-conductive, High modulus, glass bonding adhesive
- 2 hour safe drive away time for one airbag and 4 hour for twin airbag

£10.88

Part No. 550085

Pneumatic Multi-Caulking Gun

- Ideally suited for the processing of bodywork sealant, PU sealant, weld sealant and more
- The built-in pressure regulator reduces the inlet pressure to the correct working pressure (7.5 bar)
- The amount of sealant and air can be infinitely adjusted with the two adjusting screws, so that the sealant can be optimally processed for every application
- Plastic housing
- Only suitable for 310ml cartridges
- Preheat sealants with high viscosity such as Window Adhesive to ensure proper operation

£323.97

Part No. B113061

Nozzles for Multi-Caulking Gun - 12pcs

£31.81

Part No. B113062

300ml Sprayable Weld Sealant

- Can be used in body, container and car construction
- Good resistance to weather influences, UV rays
- Permanently elastic, fast drying
- Sprayable wet on wet
- Good adhesion, both on galvanized, bare, primed or painted metal plates, aluminium and thermoplastics (except PE, PP, PTFE)
- Can be used for both seam sealing and surface finishing

18V Hammer Drill

- Compact and ergonomic design
- 4-position function: hammer drill, chiselling, drilling without impact and vario-lock
- Carbon brushless motor for up to 2x longer engine life and up to 25% more power
- Powerful hammer mechanism delivers 2.5J of impact force at one low 8.9 m/s vibration emission
- B366314: supplied with 2x 5.0Ah Li-ion batteries and charger

Part No.	Description	Price
B250799	Set	£614.36
B250798	Bare Tool	£397.99

18V 1/4 Dr Impact Screwdriver

- 4-pole motor: optimal power/weight ratio
- Blows per minute: 3200 bpm
- Special stroke mechanism
- B241993: supplied with 2x 5.0Ah Li-ion batteries and charger

Part No.	Description	Price
B241993	Set	£441.33
B241995	Bare Tool	£172.62

18V Straight Grinder Bare Tool

- Long slim design: ideal for hard to reach areas
- 2-speed for optimal use
- Lock-out ensures the machine does not start automatically if the switch remains pressed after power failure
- Full metal gear drive for longer life

£417.25

Part No. B335075

18V Grease Gun Bare Tool

- Adjustable: pump the required amount before use
- Very high pressure: 562 bar
- Can be used for heavy machinery and at very low temperatures
- 1220mm hose: the longest on the market
- LED system: can be used in dark spaces
- Piston with pressure gauge helps to check the remaining grease level

£295.47

Part No. B242000

18V 310ml Caulking Gun

- Maximum performance and protection from overload and overheating due to battery technology
- Remote speed dial and variable speed trigger (6 speed settings) for maximum bead control
- Can be converted to use with 600ml sausages
- B242001: supplied with 1x 2.0Ah Li-ion battery

Part No.	Description	Price
B242001	Set	£389.49
B242603	Bare Tool	£218.90

18V 400ml Caulking

- Maximum performance and protection from overload and overheating due to battery technology
- Remote speed dial and variable speed trigger (6 speed settings) for maximum bead control
- Can be converted to use with 600ml sausages
- Transparent barrel
- B242601: supplied with 1x 2.0Ah Li-ion battery

EXTREME^{cut} Multifunctional Drills

4-fold volume drill spiral for quick drill dust removal

Hard metal plate with razor-sharp cutting edges

- Extremely versatile and precise drilling - even with drilling in various materials
- Drills accurately without cracking tiles, natural stone, metal, wood and plastic
- Ideal for solid brick, hollow building stone, roof tile, marble, tiles, wood, metal and plastic
- Suitable for concrete, natural stone, ceramic tiles
- Carbide tip - Extra sharp cutting edges, also very suitable for metal

HSS Long Series Drills

- General-purpose drill, to drill steels with tensile strength up to 1.000 N/mm², cast steel, grey cast iron, malleable cast iron, nickel brass and graphite
- The web thinning permits better positioning and reduced feed force and torque
- Capable of drilling deep holes or through drill bushings

25pc 1-13mm TOPLine Silver Drills Assortment

- Suitable for construction steel up to a tensile strength of 1000N/mm², cast iron, non-ferrous metals
- Can be used with hand or column drills
- High stability and fracture resistance
- Diamond shaped split point means that you do not need to exert any force on the workpiece for centring
- 130° point angle ensures that the drill is stable and drills cleanly round holes
- The drill does not get stuck as the outside diameter gradually decreases from tip to shank
- High stability and less vibration
- The core diameter increases in the direction of the shaft
- The full working length of the drill can be reground

Contains 1mm - 13mm in increments of 0.5mm

40mm Industrial Magnetic Drill

- Ideal portable drilling solution equally suited for use in building sites or the workshop environment and can be used to cut in horizontal, vertical and overhead positions
- The magnetic drill uses an annular hole cutter (sometimes called a slugger bit) to cut clean and accurate holes without pre-drilling or step drilling
- After cutting through the steel the cutter produces a "slug" (a cylindrical lump of steel) that falls from the centre of the cut

- Maximum cutting capacity: 40mm
- Maximum cutting depth: 30mm
- Magnetic Adhesion: 4000N/1428kg
- Motor: 1500W
- No Load Speed: 800rpm

NEW FEATURES

- You can see in real time the temperature of the heated space, the amount of fuel and whether the heater is running right now from your phone
- Automatic restart after a power outage
- The burner is now quieter, more reliable and lower nitrogen oxide emissions
- With the revamped burner, the piping has also been redesigned for cleaner combustion
- The fuel cap was replaced with a fully sealed model that prevents fuel spillage when moving the heater
- The grid protecting the ceramic piping has been reinforced and improved
- Stylish darker graphite grey colour

EXAMPLE OF CONSUMPTION

Part No. 444012

Insulated industrial hall
Volume 500m³
Outside temperature: 0°C
Inside temperature: +15°C
Fuel consumption/day: approx. 2.5litres

WHY SHOULD YOU CHOOSE A FUEL-FIRED AIRREX HEATER?

- Airrex infrared heaters have been manufactured for 30 years
- 100% efficiency
- No need for a separate exhaust pipe / chimney, no wasteful heat loss outdoors
- Normal ventilation is sufficient
- Extremely low consumption
- Mobile, no need for fixed mounting
- Instead of air, the infrared radiation heats material providing even heat distribution without an energy-consuming fan
- Does not create dust or pick up dust from the floor
- Thermostat controlled (0 to 40°C)
- Low power consumption: 80W (230V, 50Hz)
- Quiet, only 48dB
- No burning hot surfaces
- Availability guarantee of spare parts: we guarantee that the spare part you need is always available directly off the shelf
- Warranty servicing is always carried out on-site with the customer - effortlessly and efficiently!
- 3-year warranty, activated at www.rexnordic.com

WiFi Feature

You can adjust the temperature and check the fuel level direct from your phone

WHAT CUSTOMERS THINK

"It is great as you can move the heater around to different parts of the business when required."

"I am really impressed with how quickly the heater heats the workshop up in the morning!"

"The heater has paid for itself in 7 weeks! I am spending £5.60 per day vs £56.80 for a propane heater."

Perfect for bodyshops as does not create dust or pick up dust from the floor

6/12/24v Smart Workshop Battery Charger

- The charge is automatic/without supervision
- 50% shorter charge time compared to a traditional charger. Batiium ensures an ultra-quick and safe charge, by providing a constant average current during "boost" phase
- Batiium ensures a 100% charge of all lead-acid batteries (IwUoU curve). A standard "automatic" charger, W2 or WU curve, charges up to 90% only
- Batiium is a microprocessor controlled smart charger, that constantly analyses the state of the battery and regulates the charge according to the battery's needs
- Deeply discharged batteries that are still in a good state of health (eg lights on when the vehicle is stopped) could have a voltage as low as 1V. Batiium can charge from 1 volt, whereas most chargers cannot
- Protection of the on-board electronics. No need to disconnect the battery from the vehicle. No risk of sparks or short-circuits, and no current is supplied to the clamps unless they are connected to the battery terminals

£205.90

Part No. 260260

12/24v Smart CV Starter Charger

- Provides a constant voltage to ensure a complete and safe charge for every lead based battery - A standard old generation automatic charger charges batteries, in general, to 80% which is not enough to regenerate the battery
- Automatically activates when required and only provides current if the user activates vehicle's ignition
- Will automatically start a battery above 1V
- The timer function enables to manually set a charging time adjustable from 10 to 120 minutes. The charge stops automatically after the set-up time
- More than a charger-starter, these devices can determine the condition and performance of the vehicle charge system and can measure the alternator output voltage
- The product can stay connected safely with no supervision with automatic restart, in case of power failure
- Permanently analyses the health of the battery and regulate the charge according to the battery's needs
- Compatible with Start / Stop vehicle batteries

£941.09

Part No. 260262

24v Professional CV Lithium Booster Pack

- Anti-spark technology
- Short circuit protection
- Reverse polarity protection
- Protection against excessive starting currents
- Protection against booster temperature increases
- Lithium battery (LiFePO4) gives it an exceptional power-to-size ratio (starting current : 1400 A)
- It starts vehicles equipped with a discharged 24V battery (liquid, gel, AGM, Start&Stop) in a few seconds
- Equipped with: 2 USB 5V - 2.1A ports (for charging smartphone, tablet, GPS, etc) & 1 output port 12V - 3.5A (ideal for powering a 12 V electrical appliance)
- Has auxiliary light (28 LEDs) with 3 lighting modes: normal, strobe, SOS
- LCD display that gives information on the % of charge of the internal battery and the different input and output ports used

£693.15

Part No. 260266

12/24 Volt STARTpack Truck Starter and Power Supply

- Self Contained Starter - Instantaneously starts trucks, cars, camper vans, vans, petrol or diesel (Starting current 750A/3200A in 12V and 650A/1600A in 24V for peak current)
- Power Supply - The two integrated 22Ah batteries turn the STARTpack TRUCK into a powerful portable 12V DC power supply very useful for many electrical devices: TVs, lights, laptops, etc
- Integrated Light - Suitable for use at night or in low-light environments, the STARTpack TRUCK incorporates a light comprised of 7 powerful LEDs (7x 3.6W)
- Automatic charger 230V /12V Floating: to charge the internal battery unsupervised
 - Charge the battery up to 100%, maximising its life and efficiency
 - Can be left permanently to the main (Gyspack has to be charged after each operation)
- Integrated tester to check the level of charge of the internal battery
- ON/OFF switch button, to avoid misuse
- Alarm beep in case of reversed polarity
- Copper cables 2 x 1.80m, ø 25mm² with isolated 600 A clamps
- Equipped with an easily replaceable external fuse (replacement fuse included)
- Inside: 2 x 22Ah
- IV/C: 12V - 750A, 24V 650A
- Cranking CC: 12V - 1450A, 24V 1300A
- Peak Battery: 12V - 3200A, 24V 1600A

£475.90

Part No. 260270

12/24v CV Professional Booster Pack

- A professional autonomous starter for 12V and 24V lead batteries (liquid, AGM, EFB, gel) that starts vehicles in a few seconds: 1300A in 12V, 1200A in 24V
- Thanks to its 2 high-performance internal lead batteries, it develops a high starting current (up to 6200A peak)
- The booster integrates an intelligent charger that perfectly preserves the health of its 2 batteries
- Compact, robust and supplied with a trolley, it is ideal for breakdown services on site and in agricultural workshops, trucks, buses or for construction machinery
- Safe to use - protects on-board electronics, charger, battery and the user
- Avoids short circuits
- Protects against polarity inversion (with audible alarm + indicator light)
- Avoids sparks when connecting the clamps
